## STOP EROSION BY DEVELOPING BEACHES ALONG SHORE LINE

Brief Presented To Committee Of Ontario Legislature Who Viewed The Great Damage That Is Taking Place At Various Points Along The Lake — These Beaches Could Be Used For Recreational Purposes.

Hope that the provincial government will take a hand in assisting with the work of preventing further erosion along the shore of Lake Ontario was advanced a step further on Friday, when a select committee of the Ontario Legislature made a tour from Toronto to Grimsby to view at first hand the extensive damage along the lake front.

The committee, set up recently to study conservation in the province, included six members of the Legislature on the Friday tour. Several other members, including E. B. Jolliffe, provincial C. C. F. leader, were unable to make the tour.

Included in those present were Parquhar Oliver, O. A. Villeneuve, E. E. Jones, T. O. Hunt, T. H. and E. R. McMillan. At each municipality along the route they were met by officials and R. H. Palmer, Scarborough; and C. H. Hillmer, Oakville, both vice-presidents of the Ontario Shore and Beach Preservation Association accompanied the party.

At Stoney Creek they were met by J. H. Bridgeman, deputy reeve of Saltfleet Township; John Aiken, Reeve of North Grimsby; and S. H. Fleming, St. Catharines, secretary-treasurer of the association. Mr. Fleming, during the noon luncheon at El Rancho Casablanca, Grimsby, presented a brief deal-

## WINONA COMMUNITY IS TO BE CONGRATULATED

To Date They Have Contributed Over \$4000 To The New Hospital — Fine Leadership.

The names had hardly cooled from the disastrous fire which levelled the first West Lincoln Memorial Hospital in 1948, when the people in the Winona area were spurred to action by one of the most energetic women in this great fruit belt. A campaign to raise funds got under way, and before Mrs. M. A. Cudney finished, the building fund for a new and greater hospital was richer by \$1,766.32. Not content with this drive, this lady, along with the Winona Committee, got working on a Biomass Time Horse Show, the magnitude of which has seldom been seen in this area. It took months and months of planning, but when the last jumber had cleared the toughest obstacle, over sixteen hundred dollars had been raised for the building fund. Included in this amount were the proceeds of a dance held in the Club El Morro. It too, was an unqualified success.

## Newfoundland's "Christmas Seal"

This is the good ship CHRISTMAS SEAL, bought by the Newfoundland Tuberculosis Association with Christmas Seal funds. Staffed and equipped to give chest X-rays, it visits the outports stretched along the rugged coast. It flies a flag with the double-barred cross on it, the world-wide emblem of the fight against tuberculosis. The same red, double-barred cross is painted several places on the ship. When it arrives at a fishing village the whole community turns out to get chest X-rays, for the people of the tenth province consider tuberculosis their greatest health problem. Tuberculosis prevention covers such a wide field that the variety of ways in which Christmas Seal funds are spent is great, but it is believed that Newfoundland is the first place in the world where the funds went to sea to fight tuberculosis.

## A FINE TRIBUTE

Citizens of West Lincoln should feel mighty proud over a little incident that happened last week at "THEIR OWN HOSPITAL".

At the University of Toronto there is apparently a course for budding architects. The students taking this course are sent out to various types of buildings, newly constructed ones, to study the type of construction.

Last Tuesday nine of these students arrived at the new West Lincoln Memorial hospital. They had been advised by the Department of Health for Ontario that the most modern small community hospital in Canada was the new West Lincoln.

The students spent the whole afternoon at the hospital inspecting every detail of construction and also received an hour long chalk talk "over the plans" from Miss MacRobbie.

Citizens of this Great Fruit Belt who have contributed so generously to the building of this wonderful institution should feel proud that the Ontario Department of Health selected their hospital as the model for these young architects to inspect.

## JORDAN HARBOUR WAS ONCE A THRIVING PORT FOR SHIPPING

Indians Used To Call The Twenty "Kenachdaw" — At One Time The Place Boasted A Shipbuilding Yard — Village Also Had Many Mills.

(St. Catharines Standard)

The material in the following account was gathered together by a historical research committee of the Union Branch, Women's Institute, with Mrs. Ernest Rittenhouse as convener.

The history of the Jordan river dates back more than 150 years.

Originally it was known as Twenty Mile Creek in reference to its distance from the mouth of the Niagara River where the capital of Upper Canada then lay.

The Jordan River rises in the mad hills of Ancaster and winds 25 miles to meet Lake Ontario at Jordan. On its course it runs past innumerable old mills from the "Maggie's Mill" of popular song fame, through Woodburn, Smithville and St. Ann's before plunging over the mountain above Jordan.

The Indians used to call it "Kenachdaw," the Lead River, for along its ancient banks they collected the dull metal for trade. The town of Jordan has also been called the "Twenty" after St. Mary and Bridgeport, and finally Jordan.

To look at Jordan Pond today, it is hard to realize that this was

## MEMORIAL UNVEILED AT OLD ST. ANDREW'S

Commemorates The Memory Of Members Of The Congregation Who Died In The Last War.

With simple but impressive dignity, the Rt. Rev. W. C. White, acting for the Bishop of Niagara, dedicated the 1939-1945 War Memorial at St. Andrew's Church on Sunday morning.

In the presence of Mayor Clarence W. Lewis, members of the Grimsby Town Council, West Lincoln Branch of the Canadian Legion and its Ladies Auxiliary, the service of unveiling took place in front of the church where a Cross of Sacrifice commemorates the men of the First World War.

The new memorial is a square shaft of stone, bearing on the top surface a bronze sun-dial. The inscription cut in the stone around the dial is from the 113th Psalm—"From the rising up of the sun unto the going down of the same the Lord's name be praised."

The front surface of the stone carries 12 names: Eldred G. Barron, Richard E. Bertram, John A. Carlton, Joseph Carlton, Robert K. Griffith, David R. Heathcote, Ernest Henley, Allan L. Home, Paul A. C. Maeder, James L. Powell, Walter D. Page, and Francis T. Woolverton.

(Continued on Page 9)

## TWO MONTHS FOR TOY GUN HOLD-UP

Magistrate Hailett Imposes "Lenient Sentence" As Accused Had Already Been In Jail Three Weeks.

William Brocklebank, Ontario Street, Grimsby, was sentenced to two months in jail by Magistrate H. D. Hailett, as a result of Brocklebank holding up the Waverley Club in St. Catharines. For this daring bit of drama, the accused used a toy gun, and following his arrest by St. Catharines police, earned the title of the Cap Gun Bandit.

The charge arose out of a holdup at the Waverley Club on St. Paul Street, in which Brocklebank kept the club members at bay with a "gun" and then took one of the members along with him as a "hostage." He obtained about \$14 in cash for his efforts, and then gave some of the money back to the members for what he termed "taxi fare." His escape was short-lived, as he was captured minutes after the holdup, about fifty yards from the Waverley Club.

Witnesses testified that Brocklebank was a normal lad, but was high-strung and likely to do things on the spur of the moment. They said that he had been drinking heavily since he was laid off work.

(Continued on Page 9)

## WATER STILL A BIG QUESTION

Much Time Of Township Legislators Is Taken Up With This Issue — New Storage Building For Machinery And Tools Is Now Finished In Beamer Park At A Cost Of \$2500.—

North Grimsby Township Council met for their eleventh regular meeting of the current year, Saturday afternoon, and made plans for nominations, and possible election, by passing a bylaw No. 602, a necessary step at this time to clear the decks for a January 7 election should it be necessary.

Deputy Reeve Sam G. Bartlett's chair was vacant at this meeting, the Deputy Reeve having undergone surgery at West Lincoln Hospital on Thursday. Mr. Bartlett was reported by Reeve Aikens to be making a steady recovery.

The session of council was very routine, and the correspondence file held only important matters to interest the council. High on the important list, was the naming of Tuesday, Nov. 13 as the date set for the hearing by the Municipal Board on the water rates application entered by the township many months ago. The outcome of this hearing is likely to be either a victory for the council, who have battled loud and long with the Town of Grimsby over what the township considers an excessively high water rate, or an issue that has taken up many hours of council's time during their term of office—and all for naught. The outcome of this hearing remains today, as a very important matter with the residents of the township.

(Continued on Page 3)

## HISTORY REPEATS IN PLANTING OF TREES

Seedlings From Famous Red Maples On Woolverton Homestead Planted At West Lincoln Hospital.

More years ago than she cares to recall, Mrs. Florence Fleming, daughter of the late E. J. Woolverton, was called by her father to help plant four seedling maple trees on the front lawn of Echo Hall, the Woolverton Homestead, No. 8 Highway west. Mrs. Fleming admits today that she was initially reluctant that she finally assisted her father, because Mrs. Fleming as a young girl was keenly interested in lawn tennis, and it was right smack in the middle of the two courts on the Woolverton front lawn, that the now famous red maples were planted. As they grew to the beautiful giants they are today, the tennis courts became a thing of the historic past.

This week, Mrs. Fleming accompanied by her granddaughter did not feel at all reluctant as she again helped to plant four seedlings from these famous maples on the land forming the West Lincoln Memorial Hospital. She fervently hopes that these four young seedlings will grow as magnificently as did those she helped plant many years ago. If they do, certainly they will add much beauty to the hospital site, and will fit in perfectly with the landscaping project presently being drafted for the spacious grounds surrounding the pride and joy of West Lincoln County.

(Continued on Page 9)

## No Decision

The appeal of North Grimsby Council, for a reduction in the rate charged per gallon for water, by the Grimsby Water Commission, was heard by members of the Ontario Municipal Board, in St. Catharines on Tuesday.

The charge arose out of a holdup at the Waverley Club on St. Paul Street, in which Brocklebank kept the club members at bay with a "gun" and then took one of the members along with him as a "hostage." He obtained about \$14 in cash for his efforts, and then gave some of the money back to the members for what he termed "taxi fare." His escape was short-lived, as he was captured minutes after the holdup, about fifty yards from the Waverley Club.

After listening to lengthy evidence, presented by officials of both parties concerned, the Board reserved its decision for two weeks and advised the Water Commission and Council Members to get together and try and reach an amicable agreement.

## TOWN COUNCIL UP IN THE AIR OVER NEW HIGH SCHOOL AREA

### FORD MAKES 'EM — HE SELLS 'EM

Apparently Local Legislators Know Little Or Nothing About The Whole Situation — Board Of Education Is Already Dissolved — A Board Will Have To Be Elected For Public School — Will Move A Street.

The November session of Town Council was exceptionally routine, and except for the council's moving of a street, which is no mean feat, the hour and a half spent by Mayor Clarence Lewis and his council was extremely peaceful, quite befitting the day on which it was held — Armistice Day.

The moving of a street was actually not an stupendous a proposition as it might sound, and actually there is no reason to suspect that many people in Grimsby could not tell you where the street in question is located. Cherry Avenue, running off of Murray Street, north of the CNR was the site selected by a Mr. Mike Ugarkovich to purchase two lots, which happen to be the two lots at the entrance to Cherry Avenue one on each side of the street which actually exists although it takes the form of a fruit orchard at the present time. Mr. Ugarkovich built a house on one side of the lots, and recently discovered that ten inches of this dwelling was right on Cherry Avenue. This meant either one of two things, moving of the house, or moving of the street.

Appearing on behalf of Mr. Ugarkovich, Mr. Michael King, of King and King, St. Catharines and Grimsby, asked council to accept that solution of town's solicitor, who forwarded two alternatives.

(Continued on Page 3)

## TWO MONTHS IN JAIL ON CHARGE OF THEFT

Ernest Mantais Purloined \$12 Worth Of Paint Brushes And Was Peddling Them On Main Street.

Ernest Mantais, of no fixed address, was sentenced last Wednesday to "two months in jail down on Niagara Street," in the county jail. Mantais was charged by Chief William James, with stealing paint brushes from Grimsby Fuel and Supply.

Unbeknown to Mr. McPherson, owner of the store, Mantais picked up the five brushes, valued at approximately twelve dollars, the accused was picked up by Chief James as he was selling the brushes to a passer-by on Main Street. He had sold two brushes for a fraction of their value, one to a local man, who not only lost his money but also the brush. Chief James said that Mantais was drunk when arrested.

Unshaven and nervous, the accused man asked for the sentence to jail claiming it was "the only solution" to his problem of excessive drinking.

Claiming to be a sign painter by trade, Mantais told the magistrate a woeful story of being bitten by a dog, then having his fingers

(Continued from Page 3)

## NEW BUILDING PURCHASED FOR THE CHILDREN'S AID SOCIETY

### PEACH CROP SHOWED A GREAT INCREASE

Was Over 20 Per Cent Larger Than In 1948 — Grapes Apparently Will Show A Decrease By 43 Per Cent.

The Ontario Fruit and Vegetable Statistics Committee in cooperation with the Fruit Division of the Dominion Department of Agriculture have prepared the following information on the condition of fruit and vegetable crops in Ontario as at October 15th, 1949.

WESTERN ONTARIO Apples — With harvesting well advanced the present estimate of total commercial crop is now placed at 692,500 barrels or 40 per cent increase over 1948. This is an upward revision of about 10 per cent since the September 15th report and is due largely to superior sizing in many districts, offset to some extent by drop of fruit in some areas. Betterment since last report is reported from all districts except Middlesex-Huron-Lambton. The present office at 11½ James St. has been inadequate for the increased work of the Children's Aid Society for some time now.

(Continued on Page 3)

## PROJECT OUTLINED FOR OPTIMIST CLUB

"Bill" Smythe, International Vice-President Tells How A "Boy's Town" Is Created And Operated.

Members of the Optimist Club of Grimsby received a pointed and most beneficial lesson in Optimism on Monday night, when Bill Smythe, Past District Governor, and International Vice-President was the principal speaker at the Optimists semi-monthly meeting.

In the absence of Gordon McCalfe, Art Arkell was the chairman for the meeting, which was taken up for the most part on a thorough discussion of just what the Optimist Club in Grimsby should undertake to further the ideals of this most worthy of all service clubs, as far as boys work is concerned.

Mr. Smythe noted that the club had taken a step in the right direction with the formation of a Junior Optimist Club, but urged the members not to let matters rest there. He suggested the forming of a "base of operations" along the line of a Boy's Town, such as exists in Welland, Brantford and Wainfleet.

# Facts • And • Fancies

FRANK FAIRBORN, JR.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

## IS BEAMSVILLE WILLING TO PAY?

I observe from the Beamsville Express that the "Directors of Legislation" of that thriving village have had a conference with officials of the Bell Telephone Co., which caused me to do a little wondering and some deep thinking, if such a thing is possible.

The report of this conference, as it appeared in The Express, is as follows:

Dissatisfaction with the service provided in Beamsville by the Bell Telephone Company was brought out Monday night when Beamsville Council worded a resolution asking that a dial system be installed here as soon as possible.

The resolution read as follows: "That the Bell Telephone Company of Canada be asked to improve the telephone service through the installation of a dial system, located in Beamsville. That the Bell Telephone Company of Canada be asked to complete the commitment regarding this installation made in 1941 by their representative, Mr. Duncan. That a copy of this resolution be forwarded to the Company's district office in Hamilton, the Company's regional office in Toronto, and the Head office in Montreal."

Reeve Frank Laundry told C. O. Colbert, District Manager from Hamilton, H. C. Smith, District Traffic Superintendent, and H. T. Stewart, local manager, that the lack of good telephone service was actually hampering the growth of this municipality. Promises had been made of more modern equipment in 1941, the Reeve said, but so far nothing had ever been done. The local system, that of the hand crank, was a joke to people moving into this district, the Reeve stated.

Mr. Colbert told of the unprecedented demand for telephone service in Canada, and gave that as the main reason why dial equipment was not available. Pressed for a statement of a company policy for this area, he could give no answer except that the com-

pany was endeavouring to give the best service possible. Mr. Smith said it was likely another position would be added to the local exchange next year, but it would be of the same type now in use.

None of the company's representatives could venture a guess as to when a modern system would be installed in Beamsville.

What makes me wonder and think is this—what is the attitude of the "legislators," and also the residents, on the application of the Bell Telephone Co., for a raise in rates?

The Village Council, and, no doubt, the citizens, are demanding better service.

Are they willing to pay for it?

No company, or individual, can operate a business of any kind at a loss. No company or individual can expand a business and give the service that the public demand without getting revenue from SOMEWHERE.

The day of "Manna from Heaven" is over for both corporations and individuals.

The history of the Bell Telephone Company shows that the demand for telephone-service since the war has been greater than that witnessed by any other public utility since the beginning of man. Therefore it is only natural that the company must have funds to provide the facilities to give this service.

Any firm or individual in business today knows what construction costs and labor costs are. The Bell Co. is no different to any other firm or individual.

There is no doubt that Beamsville needs, and wants, better service. So does every other municipality in the Dominion of Canada, but they can only get it as the company is able to provide it and able to finance it.

Therefore I wonder just what the attitude of my neighbours is on the "rate raise" application.

## FOR THE DEFENCE

There is only one way to drive a motor car or cross a street afoot. You've got to be defensive. Let the wild asses bray and knock their heads against trees. The wise man sneaks along the road, whether in a car or afoot. He watches his chances. His not to offer violence or shout defiance; survival is his aim and the defence his method.

He has no ambition to be listed among the week-enders done-in; or even to pass with a two-column head for some celebrated single instance during the mid-week lull in killings. He seeks only to get there and get home again. He has no pride and cannot afford rage. He drives his car out from the right shoulder only far enough to have a small bargaining space. All he asks of life is that it continue. Victory over other drivers is too small a prize to lure him from the defence. He seeks only the one great triumph of the road, to avoid an accident. But he has to eat a lot of crow to keep out of trouble.

## THE BUTTER STORY — PART II

Only a few weeks ago Mr. Gardiner was boasting in the House of Commons of the way butter was selling. The federal Agriculture minister painted a rosy picture of eager buyers snapping up available supplies at the fixed government price. But makers of margarine, he suggested, were having a tough time and they had been forced to cut prices several times to keep their product moving.

Now we hear a different story from Ottawa.

Instead of the eager housewife snapping up the butter, we find that the major buyer has been the Department of Agriculture with the necessary money, of course, put up by the taxpayer. Exact details of the amount are still not revealed, but an estimate of 60 million pounds has not been denied. The Government announces that this butter is for sale at approximately 60 cents per pound, but again is rather vague about actual buyers.

As the Financial Post suggested, when Mr. Gardiner made his first statement a few weeks ago, he revealed only part of the story.

—The Financial Post.

## TAG DAY FOR CBC

The more you examine into this business of subsidies, the more complicated it gets. The CBC is subsidized by those citizens who buy radio licenses every year. But since it costs half a million dollars annually to collect license fees, and since the CBC can't afford that much, the government foots the collecting bill, thus subsidizing a subsidy.

And that isn't all. One out of every three set-owners fails to buy a license, so the other two are subsidizing him. To set up more effective collecting machinery and gather everyone into the net would increase collection costs enormously; that is, the government subsidy of the CBC would have to be increased, which means that the tax subsidy paid to the government by all taxpayers would go up accordingly.

The way we see it, the only way out of the whole inextricable mess is to abolish license fees and let the CBC hold a tag day every year. People don't usually inquire too closely into what causes tag days are in aid of; they just buy tags and go around for the most part feeling mildly philanthropic and complacent. Which is more than anybody ever felt after buying a radio license.

## HAPPY HOGS — SAD TAXPAYERS

There will be some happy hogs in the United States this year. In addition to their regular rations of corn and slops they are going to be fed grapes and raisins, possibly some grape juice and wine. It's all part of the great farm stabilization scheme, whereby swollen wartime production and prices are maintained regardless of demand and the taxpayer.

For the past three years the grape industry has been heading into trouble. Production has been running ahead of demand and great surpluses of fresh fruit, raisins and wine have been accumulating. Uncle Sam has been urging growers to be sensible and reduce production. But the abnormally high floor prices the Government guaranteed has proved a much stronger attraction and growers have kept right on planting more grapes.

After all why should they worry about markets, so long as the taxpayer foots all the bills, comments the Financial Post.

This year's big crop, however, strained things pretty badly. Even when an expanded ECA had been added to normal domestic demand there were going to be many thousand tons of tons left over. Of course nobody even suggested the old-fashioned remedy of reducing prices to gain more customers. Instead they called on the hogs.

Grapes and grape products are going to be fed to porkers. For every ton the grower disposes of in this or any other "non-competitive way," he will receive \$50 from the U.S. Government which is just another name for the U.S. taxpayer. The pig, being notoriously catholic in his taste, will probably appreciate the scheme, the taxpayer may not.

In this floor-priced stabilized farming, thank goodness we have been a little more cautious in Canada. But we are not entirely immune. While customers turn to cheaper margarine or do without, government-hoisted butter is piling up rapidly in cold storage. Before the winter sets in, the same thing may well happen with apples and potatoes.

Even if the taxpayers do not object he may find that butter, apples and potatoes make mighty poor hog feed.

With half that pains sure he might cure 'em quite.

Take this remark from Richard, poor and lame,

Had a sick stomach the other night. Green onions and fresh pineapple. Man never does get wise.

I'm all in love with that beautiful coat of yellow paint that has been plastered on the front of the new receiving office of the City Laundry. I always did admire blondes and redheads but I never was too strong for yellow.

Is Ma happy? I'll say she is. She is now eating potatoes and apples right from Glen Huron. Thanks to Jimmy C'Brien, and his Good Wife, the Livingston Larder is stocked for the winter with fine Notawasaga products.

Had the pleasure last week of eating a goose, a small one, right from James Bay. It was not the Canada Goose type, but the smaller variety. After Mother prepared it and cooked it according to instructions, it was positively lovely. Thanks to Mr. W. W. Johnson.

I see where "Limey Lyndburner" has sold out The Bowway to the Coca-Cola people. If you think I'm wrong just take a look at those two big plastic glass windows. I figure that cost the "Coke" people plenty. Anything to beat Mr. Abbott. It was a smart advertising man that got this idea. But then, all newspaper and advertising men are smart?

There isn't going to be any winter, this winter, in the Great Grimsby Fruit Belt. Ma See, "The Auntie I came here (October 1885) it was just such a Fall as this. We had no snow until New Year's Day, and very little after that. The crops the following Spring were the best they had been for years." There are husbands, forget about these for socks that the Little Ladies are asking for, for Christmas.

If you want to live in PEACE in The Fruit Belt, then be a Peach King Booster. The Kid from Notawasaga and his players will carry the Peach King Banner high and far in this coming campaign. Don't be worrying. Just lay your dollar on the line and the Peach Kings will do the rest. Besides that, you have a chance to win a \$50 Bond. Get buying.

Want to see a nice piece of workmanship? Then step into Bert Plett's store. I don't mean to look at "Eck" either. Take a good look at those four display stands and show cases that have just been installed. They are really a work of the craftsman's art. They were built under Bert's orders by Shaffer Bros., under the guiding hand of that Master Craftsman "Little Dickie" Shaffer. Just drop in and see what Grimsby can produce and once you see, possibly you will not be so anxious to be running away to the cities to buy things.

I got some real information the other day. A gentleman who represents one of Canada's largest Advertising Agencies, and who handles all the brewery advertising in Ontario for his Agency, dropped into the office. He tells me that hotel conditions and beverage room conditions in Grimsby are 100 per cent. He also went further and stated that with the opening of the Brewer's Retail Store, that what little condition that there was to be improved, had been improved. I informed the gentleman that I didn't even know where the retail outlet was. All I do is just pick up the telephone and Bill's Delivery does the rest.

DON'T WORRY

A hundred years ago or more They wrung their hands and walked the floor And worried over this or that. And thought their cares would squash them flat.

Where are those worried beings now? The bearded goat and festive cow, Eat grass above their moulded bones, And jay birds call in strident tones.

And where the ill they worried o'er? Forgotten all for evermore, Gone all the sorrow and the woe, That lived a hundred years ago.

The grief that makes you scream today, Like other griefs will pass away, And when you've cashed your little string And jay birds o'er your bosom sing.

The stranger passing there to view The marble works that cover you Will think upon things upon the unmeanness Of human worry and distress.

So let the worry business slide, Live while you live, and when you've died The folks will say around you're here: "He made a hit while he was here."

That sensation of the juke boxes, winsome Doris Day, singing some terrific songs, while funnyman Jack Carson tags along for the laughs. It's good entertainment for the whole family. And it's in color, too. Short subjects accompany this picture.

WEDNESDAY & THURSDAY — NOV. 23-24

**THE ACCUSED**

Loretta Young and Robert Cummings in one of the best to come out of Hollywood this year. Fine direction and two top actors make this a "must" for your theatre entertainment. Short subjects fill out the bill.

# CONTINUATIONS

From Page One

TOWN COUNCIL UP  
The first was to make an agreement between the town and the owner of the property, whereby a rental of one dollar a year be paid until such time as the house was demolished or destroyed by fire. The second alternative was to move the street, which would give Ugarkovich a clear title for all time. This step involved considerable legislation, and was estimated to cost Ugarkovich between \$150 and \$200.

In view of the fact that Ugarkovich owned lots on both sides of the street, it was possible for council to pass a motion, calling for the moving of the street over a distance of three feet, thus giving the lot with the house ample clearance, while the other lot would lose three foot to the street, which perhaps in time may become built up.

Deputy Reeve A. A. Constable objected on the grounds that it would be creating a precedent by allowing property owners to go ahead without a proper survey before erecting a building.

Mayor Lewis was in favor of changing the mouth of the street, and was under the impression that eventually Cherry Avenue might become something more than an orchard.

Councillor Doug Scott took quite a different stand, and heatedly stated: "When we start moving streets to setting precedents for one house, that is something somebody can do a lot with. If the town requires road then the house will have to be moved..."

You're putting a penalty on the present owner, and future owners," interrupted Councillor Braid.

"Ten inches isn't much of a mistake to make," someone interjected.

"Well, let's have a motion," stated Mayor Lewis.

At this point Mr. Ugarkovich jumped to his feet, despite the restraining hands of his attorney, and speaking in very broken English attempted to clarify Council on the set up. His efforts were quite unsuccessful.

Mr. King told the Council that his client was quite prepared to pay the necessary money to have the street moved, thus giving him a clear title to his lot, and without much more consideration, council passed a motion penned by Scott and Braid, the two men who had taken sides on the moving of a street "for fear of creating a precedent," the motion calling for the street to be moved a distance of three feet from its present location.

When mention was made by clerk Bourne, of a proposed meeting to be held in Beamsville, at which the West Lincoln High School Area was to be soundly reviewed, several councillors jumped quickly on the situation, and it is quite evident that considerable debate will be forthcoming at the meeting scheduled for November 23rd.

A. C. Price explained to council,

that the present Board of Education in Grimsby had already been disbanded, and with the area due to go into effect in January, very little had been done to find out just what the whole thing is all about, and how it is to be operated.

Councillor Braid expressed a strong resentment for the whole idea of a high school area for Grimsby.

"We have ten members on the

Board of Education, and it keeps them hopping to do all the work.

How can two or three men do the work on the new board which will be set up? On top of this, there will have to be a Board of Education set up for the public school."

This council is definitely responsible for appointing two members to the new board, and there will have to be an election to procure a public school board."

"We won't have anything to say about anything at this meeting, anyway," said Councillor Braid.

This remark followed Price's statement that Inspector Randall would be on hand at the Beamsville meeting to answer all questions and outline the workings of the high school area.

"I think Grimsby is going to be one of those 'hind' things," commented Councillor Scott.

Braid for once agreed with Councillor Scott.

"I've still got to see a high school area with the same mill rate or a lower one," commented Councillor Braid.

"In my opinion," stated Councillor Scott, "North Grimsby Township Council stamped this Council into the whole thing."

Mayor Lewis recommended

strongly that the entire council be on hand at the Beamsville meeting, and it appeared that all were sufficiently interested to take the words of the Mayor to heart, and form a strong delegation at this meeting.

Retrospective to January 1st, 1949,

the Mayor of the Town of Grimsby will receive an annual salary of \$200, while each councillor receives a pay boost of one dollar. Under this new ruling, each council member will receive \$5.00 for every regular or special meeting they attend.

Motions were passed, permitting

the paying of general accounts between the Township, J. Gordon McCalfe as clerk and treasurer, Peter Robertson as assessor, and J. H. Gillespie as tax collector.

Bylaw No. 603, a bylaw to appoint Deputy Returning Officers and Poll Clerks, and to fix place and time for holding nominations for the office of Reeve, councillors and school trustees for School Area No. 1 was passed. Nominations will be held from 12 noon to one o'clock, Monday, December 20. Election day (if there is one) will fall on the second day of January, 1950, from eight a.m. to five p.m.

The following is a complete list

of deputy returning officers, and

poll clerks for the various school areas as outlined by council.

Booth 1 (A) School House S.S. 1

D. R. O. Cecil Bell.

Poll Clerk Bert Bengough

Booth B George Mould.

Poll Clerk Bert Greenwood

No. 3 School House S. S. No. 4 John Bowsbaugh

D. R. O.

Don Beamer.

Poll Clerk Steve Andreychuk.

Reeve John Alkens told council that the frame steel building being built for the storing of township road and other equipment is now nearing completion. Built at an approximate cost of \$2400, the building is situated in Beamer Park.

A motion was passed calling for

council as a whole to attend the

School Area meeting at Beamsville on November 23, at which Inspector H. D. Randall of the Department of Education is expected to help outline the inner workings of the West Lincoln high school area which goes into effect on the first of January.

### CARD OF THANKS

To all friends of West Lincoln Memorial Hospital who patronized the dance held at Club El Morocco on November 8th, a very sincere thanks! The dance was most successful and our beautiful new hospital will again be assisted, thanks to your support.

Mrs. M. A. Cudney.

### COMING EVENTS

**COMING!** — Thursday, Friday and Saturday Evenings, November 24, 25, and 26, 1949 at 8 p.m. On Saturday evening a Charity Draw will be held. Valuable prizes offered. Everybody invited. Come and bring your friends to St. Mary's Hall (top of Grimsby Mountain.)

### GREEN TREES GUESTS

Recent guests at Green Trees were:

Mr. and Mrs. A. J. McElroy, Toronto; Mrs. H. A. Mackay, Shumacher, Ont.; Mr. and Mrs. T. C. Groer, Akron, Ohio.

Mr. and Mrs. H. P. Butterworth, Detroit, Mich.; Mr. and Mrs. G. V. Kraebel, Detroit, Mich. Troop Sgt. and Mrs. F. W. Shifrank and daughter Gayle of Jefferson Heights, Catskill, N. Y.

### JAYCEES HOLD VERY SUCCESSFUL DANCE

The Village Inn was the scene of a very successful dance held last Friday evening, with the fine music of Bruce Anthony and his orchestra providing the dancers with music of a superlative nature. Featured throughout the evening was Marquis Thomas, a really terrific vocalist with the Anthony crew. The mass displayed an original technique with a host of current hits, and was especially well received for his portrayal of two top notch ballads of the day, namely "That Lucky Old Sun," and a real tear jerker, "Don't Cry Joe."

Sponsored by the Grimsby Junior Chamber of Commerce, the dance was originally scheduled for the high school auditorium, however a last minute switch was made to the Oak Room of the Village Inn thanks to the magnificence co-operation of the management of the Inn, Miss Peggy O'Neil.

During the course of the evening four lucky ladies won delightful prizes for spot dance events. Miss O'Neil herself appeared with the Anthony band late in the evening and as usual won over the enthusiasm of the dancers with three selections, special favorites of Peggy O'Neil, and apparently favorites of everyone, as voices joined in for a grand climax to a swell dance, the second in a series to be presented by the Jaycees.

Ether is produced by distillation of alcohol with sulphuric acid.

We all have a patronymic. It's our family name.

### FARM FORUM NEWS

There was a good attendance at the Woolverton Road Farm Forum held at the home of Mr. and Mrs. Spencer Merritt.

Secretary for the evening were Ferrin Weylie and Lewis Hawkey. The two groups were unanimous in their decision that farm folk and town folk should hold joint recreational nights which would lead to much better understanding between them.

Our forum also feels that checks should be left on the same time all year round and thus save all the confusion we have at present.

The next meeting will be held at the home of Mr. and Mrs. Ferrin Weylie.

### BEAMSVILLE I.O.D.E.

At the November meeting of the Less Davis Chapter, I.O.D.E., it was unanimously decided to undertake a drive for Used Clothing during this month. Although the returning of clothes has been discontinued in Great Britain, the distributing organizations there inform us that the need for good clothing in Britain is as great as ever, because of the lack of means to purchase, and in Europe, because of continuing distress. The Provincial I.O.D.E. has decided, therefore, to divide its gifts of clothing and bedding, equally, between Great Britain and Europe for the coming season.

We are asking members, and friends, to contribute at least one article of clothing during the month of November. The clothing MUST BE CLEAN, WARM and MENDED, in suitable condition to last several months. Contributions may be left at E. O. Konkle's Shoe Store, Beamsville, the Red and White Store, Vineland Station, or at Dr. C. C. Farnage's home, Vineland.

The meeting was in charge of Mrs. V. Crest, a past-Regent, in the absence of Mrs. C. J. Freeman. Various reports were heard, including the Post-War Service, which showed a shipment of used clothing value \$50.00, to Polish relief.

A letter of appreciation was read from Mrs. Freeman, the Regent, thanking the members for the sincere sympathy extended to her in the passing of her brother, Mr. Geo. A. Beatty, Kenora.

Mrs. C. Wray reported that the books for presentation at the B.H.S. Commencement had been purchased.

Mrs. C. Tuford, Ex-service Personnel convener, reported that the wreath for the Centennial, also the Flags and Crosses for the Soldiers' graves in Mount Osborne Cemetery, had been arranged for.

Arrangements for the annual Sacred Concert were to be left with the councillors.

Meeting adjourned.

### COMING EVENTS

St. Joseph's Altar Society are holding a Rummage Sale with White Elephant Display on Saturday morning, Nov. 19th in the Masonic Hall.

### HISTORICAL SOCIETY PRESENTS OLD TIME COSTUME PARADE

The members of the recently organized Historical Society of Grimsby will in all likelihood devote themselves to the recalling and the interpreting of events which belong to our own neighbourhood. But sometimes they will turn aside to other matters of interest which come down to us from an earlier time. Accordingly on Wednesday evening last, in the Assembly Hall of the High School, the attention of an audience which nearly filled the hall was drawn to the subject of garments worn during a period which though not very distant, may already be spoken of as historical.

The sponsor of this interesting revival of the past was Mrs. Obert McIntyre, of Winona, who gave what may be called an illustrated address, the illustrations being neither moving nor stationary pictures, but living people. Mrs. McIntyre has in her possession a large number of articles of clothing, costumes and dresses, some at least of which were worn by members of the family to which she belongs, most of these having in their time adorned the female sex, but a few of them, however, giving a hint of the elegance with which gentlemen of a former day made their appearance at social and professional functions.

In an opening address, Mrs. McIntyre sketched the history of the various types of raiment which she was about to exhibit, tracing their survival from the time in which they were new, also their long neglect, and the finding of them in an old trunk which had lain a long time unopened in an attic. But once discovered, these costumes proved not only to be of splendid appearance and good quality, but also to me, most instructive for those of the present day who are acquainted only with the manners and fashions of our own time. Mrs. McIntyre also spoke of the wisdom of preserving some, if not all, of the material possessions amid which our lives are set, so that in later days we shall not altogether forgotten.

After this introduction, there came forward on a kind of gangway platform, one at a time, the twenty or more living models for the inspection of the audience. First came Miss Kitty Gillespie, clad as if for Church on a hot Sunday in the year of 1860, with skirt of linen, and waist of a soft corded satin, a hat of white linen, with embroidered work on the crown. She was followed by Mrs. Johnson, of the High School staff, in a skirt, also of linen, with trimming of heavy, dark brown braid, and seventeen buttons down the front. And with the addition of a brown velvet hat adorned with ostrich feathers, this smart lady of the nineties was ready for an autumn walk in the country. Next came Miss Alice Trust, garbed in heavy cotton twill, her dress being the only one which has a ruching around the front and reaching to the bustle at the back. And after these three ladies came Miss Barbara Cole, Mrs. L. A. Bromley, Miss Cairine Shantz, Mrs. Fletcher, Mrs. Jessie Biggar, Miss Myrtle Gillespie, Miss Nora Carpenter, the gifted lecturer giving an exact and picturesque description of each costume as her models came forward. She pointed out the fullness, the bertha, the scallop, the bustles, the bands and medallions, the Leg of Mutton sleeves, the Basque waist, the epaulettes, the vertical tucks, the patch pockets, a ruff of clipped seal, a Paisley wrap, cape of flecked woolen material and black satin, many-sided amber buttons, a coat lined with approximately 186 Russian squirrel skins, a polonaise with fancy over-skirt, Dolmans with thick feather trimming, and many other features of these varied and beautiful articles of nineteenth century apparel. Nor should we omit the grace with which these ladies of Grimsby and Winona assisted their sponsor as they instinctively assumed the proper pose while their garments were being displayed.

Two gentlemen had a humble part in this fine pageantry of ours. Robert Bourne appeared in rock coat and silk hat which belonged to the period of Canadian Confederation, while Neil M. Leslie became a Sheriff of the County of Roxburgh in Scotland, a position held by the grandfather of Mr. McIntyre, and at an earlier date by Sir Walter Scott. The elegant costume worn as such was of black velvet, with knee breeches and silk stockings, shining buckles and buttons, with lace at the neck and wrists, and hat said to be of the style worn by the Duke of Wellington.

At intervals in the program of this pleasant evening, were solos sung by Miss Joyce Maycock of Winona, Miss Greening, of the High School staff, and Mrs. R. N. Mitchell. Mr. Mitchell presiding at a piano throughout the evening. An address was given by L. Petit, the President of the So-

The Late Christopher Bean is certain to hold the rapt attention of the audience, and the all-local cast appears to have been chosen perfectly for the various parts. The cast is made up of the following: Owen Patterson, Shirley Heathcote, Joy and Ed Mack, George Winkler, Gid Ryerson, Len Bromley, Andrew Bowers and Maude Collingford.

You can't afford to miss the season's opener of the Grimsby Players' Guild, it is first class entertainment and capably portrayed by people who might be your next door neighbor.

Tickets are available for both nights' performance at Millyard's and Dymond's, and are also on sale at the door. The curtain goes up on the first act at 8:30 p.m.

### COMING EVENTS

Alexina Rebekah Lodge, Grimsby will hold a Bridge and Auction Card Party in the Masonic Hall on Tuesday evening, Nov. 22nd, at 8:30 p.m. Door prize and refreshments, admission 25 cents.

### PLAYER'S GUILD OPENS NEW SEASON TONIGHT

To-night and to-morrow night the Grimsby Players' Guild will present their version of one of the best comedies of recent years at the high school auditorium. The play, directed by Molly Lucas, is perhaps one of most concrete efforts the Guild has ever worked on, and after weeks of rehearsals the cast has garnered a sense of perfection and polish that has not always existed in past performances by the Guild.

**ST. ANDREW'S CHURCH GUILD**

## CLUB NEWS

Plans are being made for a dinner meeting in the next two weeks, for the members of the History Club.

At the November 8th meeting, Donna Raina gave an interesting and informative talk on Yugoslavia.

## GENERAL NEWS

You've heard of the lamb that followed Mary to school, haven't you? Well, last Thursday, we had a modern version of this. No, not a dog or a cat, but a black crow. Yes, during choir practice we heard a couple of loud squawks, and were commenting that the choir was doing quite well, when a large black crow fluttered to the window-sill, and eyed the assembled students with a suspicious glance. It turned out to be Jim Nelles' pet crow which had followed him to school. It entertained the class for half an hour, until English class, when a blind was pulled down in front of him, cutting off his view.

If anyone finds a black "Eclipse" fountain pen around the school grounds, please see Analdi about it. Bimbi, the crow, flew away with it.

## SPORTS

Football competition, for G.H.S., is now over. The school is in full swing for the winter indoor sports. These are: girls' volleyball, and boys' and girls' basketball. News about inter-school competition in these fields will be written when the first game is played.

## STUDENT PERSONALITY

He is a Grade 12 student with brown hair and eyes, and is about 5 feet 10 inches tall. Born in Gravenhurst, Ontario, in 1931, he travelled to Grafton and thence to Port Hope. Later he moved to Grimsby, where he first attended Grimsby Beach Public School. Most of his travelling has been confined to this province. He hopes to make his livelihood as a teacher. Chemistry and physics are his favourite subjects. One of the few who hope to pass their departmental, he is Doug Truman.

## SOCIAL ACTIVITIES

Miss Mary Smith requests the presence of Mr. John Jones at the annual Eddie Hawkins Dance to be held in G.H.S. auditorium November 10, 1949 at 8 p.m. Invitations such as this were given or sent to the boys by the girls of G.H.S. Everyone came Dogpatch style, and the dance was soon well under way. Naturally, most of the dances were girl tags because it was Eddie Hawkins Day. Unfortunately, however, the girls also had to pay for the admission, and the food. Joan Sterling and Ralph Farrell won a record in the elimination dance, which they generously donated to the school. Thanks, Joan and Ralph!

## EATON'S ACTIVITIES

As last Friday was holiday, your two members of Eaton's executive, Donna Marsh and Allen Bentley, were able to be present at the breakfast, and the tour of Eaton's three buildings in Hamilton, occupied by the store, offices and warehouse. No meetings of the executive or council will be held until the new year.

## Joke of the Week

A woman found her neighbour in tears one day. "What's the matter?" she asked.

"I'm worried about my husband. He's been trying for a week to get rid of our cat, and finally decided to take her up in his aeroplane and drop her over the side," the neighbour replied.

## Well, that's nothing to worry about," said the woman.

"It certainly is," said the wife. "My husband isn't home yet, but the cat is."

## ST. ANDREW'S GUILD

At the Nov. 8th meeting of the Ladies' Guild of St. Andrew's Church, several new members were welcomed. Reports of the various conveneres were received and plans were made for a Bazaar and Turkey Supper, to be held in the Parish Hall on Thursday, November 24th, at 8 p.m.

The following ladies will be in charge of booths: Flowers, Miss M. Murphy; fancy work, Mrs. Wm. Layton; pillow cases and bags, Mrs. G. Marr; candy, Mrs. A. H. Wright; 5 cents to \$1 table, Miss M. Lucas; toys, Mrs. G. R. Chetwynd; aprons, Mrs. Robert Pope; lingerie, Mrs. V. Thompson; tea, Mrs. B. T. Rogers.

Convenors for the supper will be Mrs. Allan Nelles, Mrs. Geo. Hoshai, Mrs. M. S. Nelles, Mrs. H. F. Scott, Mrs. Geo. Marr, Mrs. E. Burgess, Mrs. J. G. Walker.

## DECORATIVE JEWELRY

By JAY ALDEN

THE DEEP decolletage, still so much an integral part of the late afternoon costume, has inspired some simply beautiful necklaces and ornaments. Ready for dressy fill-in duty and to point up a pretty neckline is this graduated collarlette, briskly tailored, but not too much so. Trifari has created it together with a matching bracelet of wide, important proportions, and there are oblong clip earrings in the same honeycomb theme.

GOINGS — COMINGS — DOINGS

## Grimsby Beach

MISS MAY CRITTENDEN,  
Resident Staff Correspondent.

Telephone Your News Home To Her.

Our best wishes go to Mr. W. Purvis Clarke who is ill in West Lincoln Memorial Hospital.

Mr. and Mrs. Fred Weir of Detroit, Mich. spent the weekend at the home of Mr. and Mrs. J. Fullby.

Sympathy is extended to Mrs. L. Clarke who received word last week that her youngest brother, Mr. W. H. Pearce, of Edmonton, Alta., had passed away.

Friends of Mr. E. G. Bartlett will be pleased to know that he is coming along nicely after his recent operation in West Lincoln Memorial Hospital.

Mr. and Mrs. Bert Longway and daughter Betty accompanied by Mr. and Mrs. Clarence Longway of Dundalk, returned Tuesday from a pleasant three weeks trip to Florida and other South Eastern States. They went via Washington, D. C., and spent a few days with relatives in Charlotte, North Carolina, before continuing on to Miami and Clear Water, Florida. They returned by way of Tennessee, Kentucky, and Ohio.

This week the Grimsby Beach Wolf Cub Pack has acquired a Senior Sixer in the person of Doug Young, whose "Seamaphone" is so good that A kela just couldn't stump him. In passing this 1st Star Signalling test, Doug completes his tests and is awarded his second "eye." At the same time, he will receive the coveted third Stripes denoting his advance to Senior Sixer. Hooray for Doug!

Thursday's meeting was a busy one both inside and outside the den. Bagheera and a group of Cubs armed with cement tins, paint, etc., worked outside accomplishing the weighing and undercoating of the tins that will be transformed into containers for flowers. Early darkness, not lack of ambition, ended this project too soon to suit everyone.

Inside the den among other things, Semaphore instruction was carried on to the tune of the National Anthem which was being practised by a lusty-voiced group of Cubs. Besides all this, Bobby Lee finally mastered that 1st Star "pugaboo," skipping, and also passed the "cleanliness" to complete his 1st Star tests. Everyone is glad for Bobby to have "one eye open."

GRIMSBY BEACH W. I.  
The meeting of the Women's Institute was held at the home of Mrs. Morris Udell.

A motion was passed that each member leave their jam donation for the hospital at the home of Mrs. Robert Cole, by Dec. 8th.

Mrs. Lee gave a very interesting paper on Canadian Industries, outlining the manufacturing of nylon

SOCIAL ACTIVITIES  
AT THE VILLAGE INN

Many wedding receptions have taken place recently. Among them were the Johnson-Taggart wedding of Hamilton, 150 guests; the Thompson-Hannah wedding of Hamilton, 200 guests attending; the Dougherty-Smith wedding of St. Catharines, 180 guests attending; the Krick-White wedding of Dunnville, 80 guests attending; the Elliott-Park wedding of Vineland, Dr. Eric Elliott being from Kitchener. Dr. and Mrs. Elliott are now residing in Halifax, N.S. 210 guests.

The Bartlett-Nash wedding from Stoney Creek and Hamilton, 110 guests attending; the McKay-Fowler wedding of Winona, 40 guests attending; the Culp-Nickerson wedding of St. Catharines, 180 guests attending; the Maycock-Smith wedding of Vineland, 90 guests attending.

Several of the above weddings were candlelight and the wedding reception was carried out accordingly with the white carpeting laid from the Oak Room to the Canopy outside to meet the guests in their formal attire. Miss Peggy O'Neill has a wide spread reputation for her beautiful receptions, and excellent dinners, the decorative appointments win Miss O'Neill praise and admiration. Also not only does Miss O'Neill supervise the reception feast but arranges the full reception etiquette and her fame is spreading throughout the country.

Recent dinner guests:

Mr. and Mrs. W. James of Hamilton, celebrated their 25th wedding anniversary with a dinner party.

Mr. N. E. Gough and Son, Toronto, Ont.; Air Vice Marshall R. Middleton and Mrs. Middleton, Trenton, Ont.; Mr. and Mrs. L. J. Sherier, Los Angeles, California; Mr. and Mrs. S. Burns, Detroit, Mich.; Mr. and Mrs. H. J. Ferguson, Toronto, Ont.; Mr. D. M. Wyllie, Toronto, Ontario; Miss C. M. Fellowes of Elizabeth Arden, Toronto; Mr. and Mrs. E. L. Higgins, Brandon, Man.; Mr. and Mrs. W. Peterman, Kingsbury, California; Mr. and Mrs. W. P. Paris, Toronto, Ontario.

Dr. and Mrs. A. C. Betterfield and son, Mansfield, Ohio; Miss Dorothy A. Davie and Irene Farrell, Niles, Ohio; Mr. and Mrs. J. H. Percy, Twinsburg, Ohio; Mr. F. Thomas, St. Thomas, Ontario; Mr. and Mrs. A. Cunne, Ottawa, Ontario; Dr. and Mrs. W. Simpson, Compton, Calif.

Mr. J. F. Logan, Detroit, Mich.; Mr. and Mrs. G. F. Bailey, Kappa-Hazing; Mr. and Mrs. Frank Johnson, Cleveland, Ohio; Mr. and Mrs. A. A. Badley, Elora, Ontario; Dr. and Mrs. M. O. Sullivan, Buffalo, N.Y.; Judge and Mrs. J. E. Sullivan, Buffalo, N.Y.; Mr. and Mrs. Ralph Haffey, Toronto, Ontario; Mr. and Mrs. Sta. Kenney, Toronto, Ontario (CKET); Mr. and Mrs. Keith Sandys, Toronto (CKET).

Miss Peggy O'Neill celebrated her fourth year at the Village Inn the past month, and entertained several local and out-of-town friends at a dinner party. Mr. Donald Novis who was appearing in Toronto, called in during the evening to congratulate Miss O'Neill, several bouquets and baskets of flowers, were received by Peggy, congratulating her on a very successful four years.

Dinner guests:

Dr. and Mrs. A. E. Walkey, Hamilton; Mrs. Eva Buffay, Buffalo; Dr. C. H. Muia, Buffalo, N.Y.; Mr. and Mrs. G. M. Bickle, Toronto, Ont.; Mr. and Mrs. Kenneth Mitchell, Toronto, Ont.; Mr. and Mrs. W. L. Somerville, Hamilton, Ont.; Mr. and Mrs. Harry P. Cavers, St. Catharines, Ont.; Mr. and Mrs. Louis McCaughey, London, Ont.; Mr. and Mrs. R. E. Colter, Hamilton; Mr. J. Frank Copeland, Tampa, Florida; Mr. and Mrs. George Formby, Blackpool, London, England; Mr. and Mrs. Wally Wicken, Toronto, Ont.

Mr. and Mrs. P. Neilson, Buffalo, N.Y.; Dr. and Mrs. Sendek, Buffalo, Ont.; Mr. and Mrs. W. Steak, Hotel General Brock, Niagara Falls, Ont.; Mr. and Mrs. C. H. Thompson, Kenmore, N.Y.; Mr. and Mrs. H. W. James, London, England; Mr. and Mrs. R. W. Bradley, Port Nelson; Mr. and Mrs. Thomas Morris, Chicago, Ill.; Mr. and Mrs. C. J. Berry, Niagara Falls, Ont.; Mr. G. T. Fairbrother, Beamsville; Beamsville; Joseph Wilcox, Beamsville; Miss Ade Wanstead Graham, St. Catharines, Ont.; Col. and Mrs. McLeod, Kenora, Ont.; Capt. R. Campbell, Kenora; Dr. A. M. Anderson, Thorold, Ont.; Mr. and Mrs. H. S. Merrill, Caledonia, Ont.; Mr. and Mrs. E. Taylor, Ottawa, Ont.

Mr. and Mrs. D. Frank Record, St. Catharines; Mr. Harry Krithman, Jockey Club, Hamilton, Ont.; Dr. and Mrs. M. C. The Roselawn Bowling Club held a dinner party for 30 guests recently. Mr. and Mrs. C. W. Fleming, Toronto; Dr. and Mrs. Fitzgerald, St. Catharines, Ontario; The Harwoods, Grimsby Beach.

The Alter Society of St. Joseph's Church held a most successful bridge and buffet luncheon for about 75 guests recently.

The Niagara Frontier Society of Optometrists held a dinner meeting recently.

Miss Betty Jean Ferguson (SONGSTRESS AT THE ROYAL YORK SUPPER CLUB (IMPERIAL ROOM) Miss Canada 1948) and a party of friends had a dinner party recently.

The newly formed Trinity Young People's group, which meets each Tuesday evening in the Baptist Church Hall, held its election of officers on November 8th, with the following elected:

President: Owen Patterson.

Secretary: Catharine Morrison.

Treasurer: Eleanor Merritt.

Four convenors to take meetings:

Marilyn McArtney, Bernice Wattis, Jean Raymond, Bruce Overend.

Service: Muriel Gracey.

Social: Betty Shantz.

In the next few weeks, the group

is planning to carry on a drive

for used clothing to be sent to

European relief. A similar drive

was conducted a few years ago

with great success, and it is hoped

that people will respond as well

to this new appeal.

Nov. 9—To Mr. and Mrs. Re-

Dodds, Grimsby, a daughter.

Nov. 10—To Mr. and Mrs. Pete

Zellner, North Grimsby, a daughter.

Nov. 12—To Mr. and Mrs. William James, Beamsville, a son.

Nov. 14—To Mr. and Mrs. Frank

Pustka, Grimsby, a daughter.

## IN MEMORIAM

CLAY—In loving memory of my dear husband, Sidney Clay, who passed away November 21st, 1947.

The world may change from year to year, And friends from day to day: But never will the one I love From the memory pass away.

Always remembered—wife Rose.

INFORMATION WANTED  
RE BURYING GROUNDS

How was it that the first burying place of the settlers at The Forty should have all but passed from the memory of man? Not a single stone remains on the west bank of the Forty near the Lake to mark the spot, nothing to remind the passerby that here is holy ground.

The late William Fitch ("Doe"), could recall seeing headstones leaning against the fence in his young days. Could it be that when St. Andrew's Church, as we know it, was

### SOCIAL NEWS

Mrs. Ralph Cockes was hostess at a Tea given by the Neighbourhood Circle of the Fifty United Church, on Wednesday afternoon at her home. Held to raise funds to assist in providing furnishings for the church, the affair was well attended, guests being received by the hostess. Mrs. G. E. Morrow, and Mrs. Glen Reinke. Presiding over the attractive tea table decorated with a bowl of vari-coloured chrysanthemums and ivory candles on an exquisite lace tablecloth, were Mrs. R. E. Hart, Mrs. Frank Chapman, Mrs. W.D. Fletcher, and Mrs. Glen Reinke.

Among those who have entertained at showers for Miss Louise Smith of Jordan Station, prior to her marriage to Mr. Gordon Maycock on Saturday, are her aunt, Mrs. J. Stewart of Vineland, Mrs. Murray Hunter of Winona, and her office associates in Toronto. On Sunday, Nov. 8th, her mother, Mrs. William L. Smith of Jordan Station entertained at a Trouousseau tea in her honour.

Out-of-town guests at the Maycock-Smith wedding on Saturday were from Ohio, Michigan, Kingston and Toronto.

It is hoped that Miss Viola Smith, who has been ill and confined to her home for the past few weeks will be out and well again soon.

Douglas Cudney is in Toronto where he is competing in the Royal Winter Fair Horse Show. He entered the preliminaries the other day, and is up against stiff competition in the Chilean and Mexican Military team. Everyone wishes him the best of luck, and as successful a win as last year when he won the coveted Hugh Wilson Trophy.

A reception followed the ceremony at the Vintage Inn, Grimsby, with the bride's mother receiving, wearing a dark brown dress with insets of satin, a small hat of cerise, and a corsage of cerise carnations and white mums. The mother of the groom was wearing hunter green, with a matching hat. Her corsage was of bronze and yellow chrysanthemums.

The couple left for a honeymoon in Montreal, the bride going away in a gray wool dress trimmed with black velvet, black accessories, a small black feathered hat, and a corsage of gardenias in her fur coat. On their return from the honeymoon they will live in Port Credit.

## CONTINUATIONS

From Page One

**NEW BUILDING**  
The Kinette Club has pledged help in providing dental treatment for a little girl, a ward of the Society. Excess of the treatment amounted to total \$350, according to monthly report to the board. It was reported that through the

co-operation of the St. Catharines Board of Education the society has been enabled to establish a clothing depot once more. A room has been set aside for this purpose in St. Paul's Ward School, and members of the Blue Hyacinth Club will operate the depot three days a week, he explained.

A case report for October tabulated seven of the many cases which came to the society's attention last month. An unmarried woman living in an old trailer in a farm field gave birth to a child without a doctor in attendance, and under conditions of extreme filth. The baby was taken to the hospital by the Children's Aid Society.

In another instance, an 18-year-old wife and mother wanted to leave her husband who recently received \$1,000 as a result of an automobile accident, but has spent all but \$1,000 of it on gambling and drinking. He has not worked since he received the money and has bought and wrecked three cars. Four young children, in another case, spent the night with neighbours because of the father's drunken condition, and fear was felt for their safety. Neighbours now refuse to let the children return home and the father is extremely belligerent toward the neighbours.

Total number of cases open at the end of the month were 181, with 247 children in the care of the Society. Unmarried parent cases totalled 26. Payment of October amounts totalling \$6,973.91 was authorized and approved by the Board yesterday.

Comprehensive statements on the financial position of the Society from April to September this year, were presented to the Board by Secy.-Treas. Roy V. Wininger. The balance sheet, as at the end of September, showed a surplus of \$2,061.62. An increase of \$2,532.41 in revenue for the period April 1 to September 30 this year over 1948 was shown in the general account report. Total revenue in 1948 was recorded as \$4,918.97, while for the same period this year, it totalled \$7,451.88. Expenditures for the April to September period in 1949 also show an increase over expenditures for the same period in 1948. In 1948 expenditures totalled \$27,073.00, while for the identical period in 1949, they totalled only \$25,215.42, making an increase this

year of \$1,858.15. Expenditures include cost of child care, protection work, unmarried parents' work, special services and general work. In 1948, there was a \$296.45 deficit in the general account, whereas for the same period, ending September 30, 1949, there is a surplus of \$377.78.

Public subscriptions, less campaign expenses, so far this year have totalled \$7,523.54 according to another statement submitted by Mr. Wininger. For the corresponding period last year, this figure was \$6,996.53. With grants from the city, county and province added, the 1949 subscriptions and grants total is \$14,083.54, as compared with \$12,486.85 last year. For the first six months of this year 50 per cent of these funds, or \$7,016.92 has been apportioned to the five fields of the Society's work. Administration costs since April 1 this year totalled \$10,110.36 as compared with \$9,425.68 last year. Boarding costs of the Society's wards has increased from 62 2-6 per day to 65, 4-6c per day.

**PEACH CROP**  
Erie-Kent and Peel-York Apples are generally above average size and of good to superior colour. Although some late Codling Moth damage is reported from certain districts, there has been a minimum of scale infestation. Advanced maturity is causing concern and particularly for apples for which there is no space in cold storage.

**PLUMS** — With practically no change since September 15th, total estimate is placed at 312,410 bushels, a betterment of about 9 per cent over 1948 production with Japanese varieties showing 48 per cent increase. European 16 per cent increase and prunes 34 per cent decrease. Prunes and European varieties benefitted greatly by later favourable moisture and weather conditions both in respect to size and quality. However, due to poor processing demand and low prices toward the end of the season, considerable tonnage was unharvested in the Niagara and

Burlington areas.  
**Pears**—An increase of 83 per cent over 1948 production is now indicated, making total estimate 382,150 bushels (146,370 bushels Bartlett, 234,780 bushels Kefflers and 11,000 bushels other varieties). This is a betterment of about 10 per cent over last report and is due to heavy yield of well sized Kefflers which are now practically all harvested. In the main producing areas pears have been of generally good quality although some late worm injury is now reported from Niagara. Puyilla is in evidence only in some localised orchards. Considerable dropping of fruit was reported in the Burlington district. Peel-York is the only district where sizing was not up to normal and where insect injury was somewhat prevalent.

**Peaches**—Due particularly to an excellent yield of Elbertas and late varieties, total estimate now shows an improvement since last report and is placed at 1,237,055 bushels or an increase of 30 per cent over 1948 yield. Late varieties were generally of large size and excellent colour with only light Oriental

**TWO MONTHS**  
crushed by a falling battery, and also of being on the scene at the Noronic disaster, and of helping rescue passengers from the doomed vessel.

**MAGISTRATE HALETT** listened to his story and then sentenced Mantle to two months in jail on the charge of theft, and suspended sentence on the drunk charge. Mr. McPherson has since had the bushes returned to their rightful place, thanks to the sleuthing of Chief James.

**WINONA COMMUNITY**  
Mrs. Cudney has been a constant worker for the new hospital so recently opened, and certainly has earned the gratitude of so many people, especially in the Winona area, where the effort has been without parallel, thanks to this tireless worker.

Two pledges were redeemed last spring bringing the total to \$3755.44. This month a second hospital dance was held and the proceeds from this dance will bring the total raised by Mrs. Cudney and her associates to well over the \$4,000 mark.

In view of the fact that this amount does not include a canvas made of several manufacturers and business men in the Winona-Fruitland area, it stands as a mark of public service extremely difficult to beat.

It was of great personal interest to Mrs. Cudney and the people of Winona in general, that the very first baby born in the new West Lincoln Memorial Hospital was born to a Winona couple. The independent joins with all the other people in offering sincere congratulations to the fine people of this area and to the superlative leadership of their number one citizen—Mrs. M. A. Cudney.

SPORTSMANSHIP IN CANADA UNLIMITED

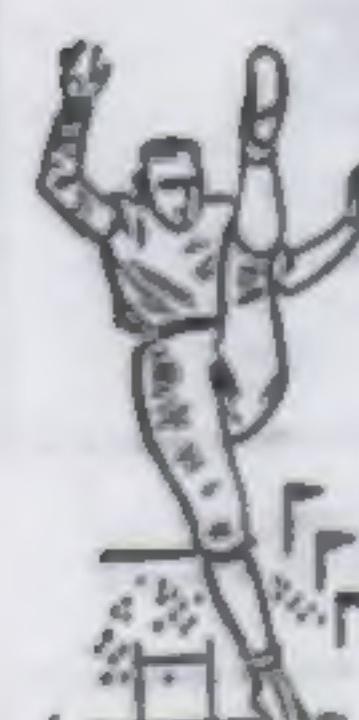

## Footballs First!

North American Football owes its life to a visiting Canadian University!

It was 1874 . . . McGill University were guest opponents of Harvard in Boston. During the warm-up period, the Harvard team noticed to their amazement that McGill were kicking and carrying the ball.

The two captains got together and discovered they were playing different games. McGill had come to play rugger, Harvard was ready for a soccer match. But the Harvard captain, with true Bostonian courtesy, offered to play McGill's game. The result was the first "football" game ever played in the United States . . . ending in a scoreless tie.

Good sportsmanship has won many world friends for Canada . . . just as the spirit of working together has made us one of the world's great nations. These two—sportsmanship and team spirit—keep your opportunities for work and play in Canada . . . unlimited.

Canada's East-West final for the Dominion Football Championship and the Grey Cup began in 1921 . . . Toronto Argonauts defeating Edmonton Eskimos 23-0.

## SPORTRAYAL

By "HIGH" McGREGOR

What the Peach Kings need most of all at this time, is a means of rounding into condition without benefit of the customary practice. Even Mike Sweet can't find the answer to this, although Mike continued to pass along his great knowledge of the game of hockey to Pop McVicar.

Whether you want to believe it or not, the Kings play their first league game this coming Monday night at Port Colborne, and this with just a couple of workouts this fall. The outcome should prove most interesting.

Past performances of the Kings indicate they never do seem to start clicking until Christmas, at which time they start and roll all over the opposition. This optimistic point of view might be shattered this year for quite apparently there are few teams in this Big Six Senior B League this fall who might take a very dim view to being crushed by the Peaches.

Woodstock, for instance, have built up a club far superior to last year's outfit (they defeated St. Kitts 10-2 last week) and good old Eli Turonaki, which we manage to spell differently every time, has also come up with a power-packed Crowland team that is going to give trouble to the rest of the teams.

Brantford is an unknown quantity to date. Reports have drifted from their public relations man, calling the team as the team to beat this winter in the Big Six. Brantford recently signed Pete Sautar and Bunny Dunham, who were released by the Peach Kings. The calibre of these players may or may not be an indication of the strength of the Bell City squad. The Peach Kings will find out on November 25, when they journey to Brantford for their second start. A week later the Kings open the hockey season here in Grimsby with Port Colborne making a return visit.

The sixty game schedule closes on February 10, four teams to enter the playoffs, which actually means that only one will miss out, as Port Colborne is planning on entering Intermediate "A" play-downs.

The Kings' coaching staff had the crew cut down considerably at last Sunday's workout, with a few new faces appearing for the first time. Several of the so-called regulars were absent.

This business of waiver ruling,

is proving to be a fly in the ointment, and we suspect that the personnel of the Kings may be altered considerably sometime in December, following a certain OHA meeting.

Four prospective goalies donned the pads on Sunday, including Mert Prophet, former goalie with Boston Olympics. Prophet for his 25 years has been around, but plenty. He has tended goal for Washington and Providence of the American League, and spent last season with the Quebec Senior League.

There is actually nothing very official, and if there is, you can't seem to get the bones to talk, but indications are that Barry Blanchard and Bunn Glass will both be back with the Kings. Wally Hamilton, a real solid defenseman, who played with People's in the Toronto League, is now a resident of our fair town, and will be on defense for the Kings. One thing certain, Kings defense is going to be stronger than last season. It is this department that Clark and McVicar are working on in earnest.

Reg Dodds, the Peach King good humor man was handing out cigars over the weekend. Reg is the very proud father of . . . if you'll pardon the expression . . . a bounding baby girl. A sister for Reg and Mrs. Dodds' two fine sons. This is as good a time as any to say that Dodds, for all his weight, is still looking very effective up on the forward line. A couple more months and he should be right back in the groove.

Norm Warner conned his gear for Sunday's workout. It was brief. The kid takes his practice very seriously.

Flooding operations commenced today at the Arona, with Geo. Marr and his staff doing everything in their power to get ice here as soon as humanly possible. This bit of news will come as good news to a lot of people besides the Peach Kings . . . the youngsters have put away the

football and a lot of rusty blades will soon be christened.

Seasons Tickets are now on sale. To obtain same, call the Arena, or in Beamsville contact Harry Kennedy at 22. It's one sure way of seeing every game, and that is a most important factor here, if we are to have senior hockey in Grimsby.

Still on tickets . . . Have you purchased your booster ticket yet? The Jaycees are handling the sale, along with members of the executive. Your dollar invested in a booster ticket, gains you admission to the first game, plus two chances on a fifty dollar bond. It's your opportunity of helping foster good hockey here in Grimsby and vicinity.

## Don't Delay A DAY LONGER Winterizing Is Important FOR YOUR CAR

It is definitely hard on a car to operate on summer-weight lubricants, run-down battery, poor ignition system. Cost of GM-Winterizing service is surprisingly low, so don't delay, drive in today. Have a thorough check made on your car's operating safety and efficiency, then let factory-trained, fully-licensed mechanics do the work that's needed at reasonable prices.

## RADIO OWNERS FINED

In the last week, about 24 people have been fined for failing to purchase a radio license, 20 people from Grimsby, and 14 from Niagara-on-the-Lake. In every case but one, the fines and costs amounted to \$5, which is considerably more than the \$2.50 it costs to buy a radio license in the first place. The single exception to the \$5 fine was a Niagara woman who failed to pay or appear in court. She was fined \$5.00.

## LIONS CLUB

Professor R. C. McIver, M.A., Ph.D., associate professor of political economy at McMaster University, was the guest speaker at a well attended dinner meeting of the Grimsby Lions Club, held at the Village Inn on Tuesday evening.

Professor McIver's subject was extremely timely, and his lengthy address on the international trade and "dollar problem" was of interest to an attentive audience.

President Earl J. Marsh presided over the meeting, which was spiced with several "high-jinks" by several of the Lion members. The regular directors' meeting, it was announced by the President, will be held on Tuesday, November 29th, at 8 p.m., at The Village Inn.

## 'Stuff Round Town

By Gerd McGregor

An extremely delicate situation has developed this week, although it has been seething for months and even years. It concerns a simple quantity known as H<sub>2</sub>O—or just plain water, if you prefer. The North Grimsby Township Council has been working overtime to try and lower the water rate being charged by the Town of Grimsby who supply the residents of the township with the necessary ingredients to take a marble bath, make a pot of tea or keep the grass on the front lawn. At the conclusion of two hearings by the Municipal Board, matters are, if anything, worse off than before.

While the Township asked for a lowering of the rate at the hearing held in St. Catharines, the Town informed that rather than a lower rate, the Township would be indeed fortunate if the rate would not be increased. This, of course, came as very disturbing news to John Aikens, Reeve of the Township, who was in rare form for the hearing, although he was without the services of his Lieutenant Sam Bartlett, at present recovering from an appendectomy.

The Town threw another little bomb bomb at the hearing, claiming that actually the board had no jurisdiction to even sit on this case. This rang the bell for a quick T.K.O., and even flushed the Board, who promised to delve into this matter and find out if they were actually within their rights to hear the case.

The Board did recommend that the Town and Township get together like the good men that they are, and work out their own problem. This sounds okay, but it is going to be a trifle more difficult than it sounds.

We don't suppose that it will be necessary for the residents of the Township to start putting assorted pails, barrels and other briquettes out as a means of catching free rain. Although it would be a lot cheaper—and perhaps there would be just about as much pressure as sometimes exists in the lines in the far reaches of the Township.

The man who can come up with a quick and sure-fire answer to this problem, could, without much trouble obtain the undying gratitude of our local politicians, who, during their stay in office, have had most every meeting of Council sprinkled with a generous dose of plain water...not even spiked! Yet!

Whether you want to hear it or not, the fact remains that there are only 22 shopping days left until Christmas. Of course if our merchants continue to close on Wednesday afternoon, that brings it down to...let me see...22, minus five half days...would be two and a half days...there are 20 and a half shopping days left until Christmas.

Now in case you haven't been paying much attention to the local stores, they have stocked up with everything imaginable for grandchild and Junior, so why spend time going to the noisy old city. The prices aren't one darn bit lower, but the crowds are a heck of a lot tougher to get through than they are right here in Grimsby. Shopping in your own home town will make Christmas brighter for everyone.

Margaret Lynn Munn, Miss Canada of 1949, won the crown for the title of Miss North America, at the beauty contest held in Lima, Peru, this past week. The gracious Miss Munn, whose thrilling voice and charming personality has won her many friends and admirers these past few months, was declared the winner over 21 girls from both South and North America. She undoubtedly was a competent goodwill ambassador for her native Canada. Her sponsor in the Miss Canada Pageant, Miss Peggy O'Neill, was notified on Tuesday, and needless to say, Miss O'Neill was extremely pleased that her candidate had come out on top below the border. Miss Munn is expected back in Canada this weekend, and will appear at the Village Inn Supper Dance later within a few weeks.

## CONTINUATIONS

**JORDAN HARBOUR**  
once a harbour where lake shipping made regular calls, and a small shipbuilding was begun. The pond has been nearly filled in as far as the bridge, but at one time it was a receiving basin for vessels that came up to the base of Ball's Falls to take on cargoes of lumber and grain. Some rotting piles are all that is left of the pioneer wharf and landing stage which was on the old mill road.

Shipbuilding, a trade demanding much skill and experience, was begun at the side of a low round hill known as Hog's Back. There, in 1862, the Flying Dutchman was built from the fine hardwood and native white pine on the surrounding plains. An early register of lake shipping compiled in 1864 lists Bridgeman as the name of the place of construction, with Richard Gilbert her builder and Moses Overholst her owner. The last heard of the Flying Dutchman she was being used for shipping barley from the Bay of Quinte to the United States, and was owned by two men from Wolfe Island and Nanpean.

Although the port on Jordan pond continued to be used for 50 years, no other vessels were built there. In the early days the southwest end of Lake Ontario became noted as the graveyard for many vessels caught by a roaring easterly gale. When trapped by such a storm, sailors would seek refuge in Jordan harbour where gaping gulls could be caulked with Jordan mud, particularly suitable for this purpose. The Paddy Young, flung upon the beach at Winona, was dragged to Jordan pond for repairs.

Less fortunate was the John Wesley, nicknamed Punch because of the round pincushion shape of the hull. She was wrecked on the beach near Jordan and her heavy timbers until they could be seen for years until they became covered by sand.

Robert Society in his statistical account of Upper Canada, written in 1812, stated that Twenty Mile Creek which flows into the Jordan pond was navigable for craft of five to twenty tons. There lake vessels loaded apples, peaches and berries for transport to St. Catharines, Hamilton and Toronto until improved roads and rail shipping gained most of the carrying trade.

Where the town of Jordan now stands was a vast forest of fine trees when the settlement first began in 1787. Germans from Pennsylvania and New York are said to have been the first settlers at a time when wild land could be bought for 20 cents an acre.

At this time St. Catharines was known as Shipman's Tavern, or The Twelve, and was surrounded by a vast pine forest. Two or three houses stood beside the Tavern and the only connection between the scattered settlements was the stagecoach which followed an Indian trail. Later this trail was named the Stone Road and finally Highway No. 8.

Steak were plentiful in the Twenty as far as Ball's Falls and were speared with pitchforks. The farmers were continuously menaced by bears, wolves and venomous snakes. Not knowing what wild vegetation was edible, the settlers used to follow the cows around while waiting for their crops to grow, and what Boosie ate, they would pick for themselves.

By 1817 there were two grist mills and five sawmills around Jordan, as well as a sawmill and a tannery up near the Dwarfs Village. Dean's Mill in Clinton Township is one of the few mills that remained in operation until modern times. Only recently was it demolished and the timbers sold. Now only the stone walls remain.

Ball's Falls, a few miles southeast of Winona, is today only a sonic spot but during the War of 1812, it was a thriving village known as Glen Elgin in honour of Lord Elgin, former Governor-General of Canada. At that time eleven or twelve homes were located there and the village boasted two blacksmith shops, sawmills, cooper shops and flour mills, one of which was known as Ball's Mill. Besides supplying flour to soldiers and armies all the way to the border, this commodity was also shipped to Montreal. It was carted by wagon part way, then shipped by boat to Jordan harbour. During the War of 1812 these mills were of sufficient importance to warrant a guard which is believed to have been a detachment from the 10th British Regiment.

For many years the following lines, legible, written on the boulder of an old house in red chalk: "The blessings of God attend this house".

For the kindness they have shown

To the 10th when stationed here

The country to defend."

## DENTAL ASSOCIATION MEETS IN GRIMSBY

Last Friday night the Niagara District Dental Association held their second regular meeting at The Village Inn, with Dr. Elton Butcher of Port Colborne presiding. About forty members were in attendance.

The clinicians for the evening were Dr. Zack of Buffalo, N. Y., Dr. Don Johnson of Niagara Falls, and Dr. Aubrey Crich of Grimsby Beach.

Following the business part of the meeting a delicious buffet luncheon was served by the hostess, Miss Peggy O'Neill.

## VINEMOUNT NEWS

Thursday and Friday, Nov. 24th and 25th, will be big nights at Vinemount Hall, when the Vinemount Drama Guild presents Charlotte Bronte's famous classic, JANE EYRE, a dramatization in three acts by Marjorie Carleton, directed by Stuart Jeffries.

The cast is as follows: Mrs. Fairfax, Edna Cartleton; Grace Poole, Annie Johnson; Jane Eyre, Alfreida Jeffries; Mr. Rochester, Stuart Jeffries; Mr. Mason, Steve Kurpe; Blanche Ingram, Audrey Gliddon; Lydia Ingram, Muriel Shuker; Mr. Wood, Clifford Robinson; the Man.

The stage manager will be Tony Elliott, assisted by Frank Kurpe, and the prompter is Eileen Cooke. The Stage set is by Don Shuker, Dick Millen, Tony Elliott, and Frank Kurpe.

The Guild is looking forward to full houses both nights, with doors opening at 8:15 p.m. sharp, daylight saving time.

Several men of the district have gone to the north country to hunt deer, as is their custom every year. The local hunters are Messrs. Jack Purcell, Gordon Purcell, Vern Penfold, and Earl Travis. Mrs. Jack Purcell accompanied her husband.

Good luck, Gentlemen.

The Ladies Aid of the Tapleytown United Church held their annual Bazaar in the local school, Friday night at 8 o'clock. Rev. Mr. Housander was chairman for the evening. A large crowd en-

joyed an excellent program, provided by local and visiting artists. A pleasant feature of the evening was a presentation to Mrs. George Reynolds by Mrs. Leslie Thomas, on behalf of the Ladies Aid. Mrs. Reynolds is an outstanding musician, and will be missed very much as they recently left the community. The members had several tables of fancy work, aprons, home made baking, etc., etc. The members of the Aid served refreshments.

## NATURE UNspoiled

YOURS TO ENJOY

The SAW-WHET is only eight inches long, but he's a real owl just the same! Protect him—mice form the major portion of his diet. But only his small size prevents him from being destructive, as he will not hesitate to attack animals which to him must seem enormous!
